Atlas Repairs are the first tail lift company to offer fully automated PDA systems.

PDA System benefits:

- ✓ Engineers informed immediately of repairs or servicing to be carried out.
- ✓ The engineer then updates the system in real time which generates service sheets, repair details, LOLER certificate and weight certificates.
- ✓ Customer documents are sent automatically by email to one or a multiple of email addresses.
- ✓ Breakdown Reports: Keeping customers informed, updates with a full description of repairs carried out, clearly stating cause of breakdown, lifting a breakdown of costs and signed off by engineer and operator quickly following the completion of the repair.
- ✓ Secure web access which allows customers to view details of service & repair history and costs of vehicles in their fleet, available 24/365.
